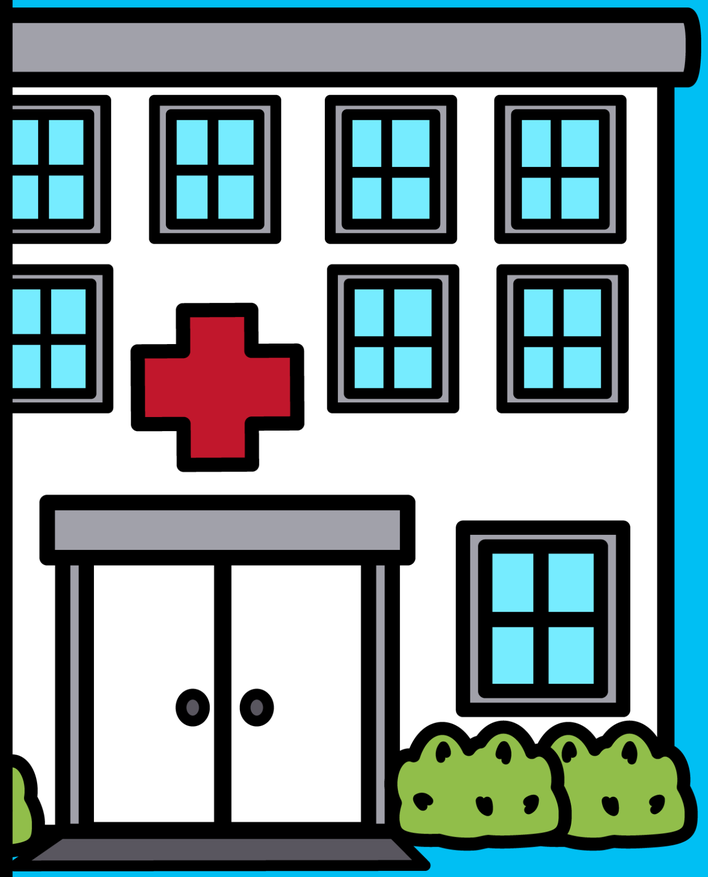
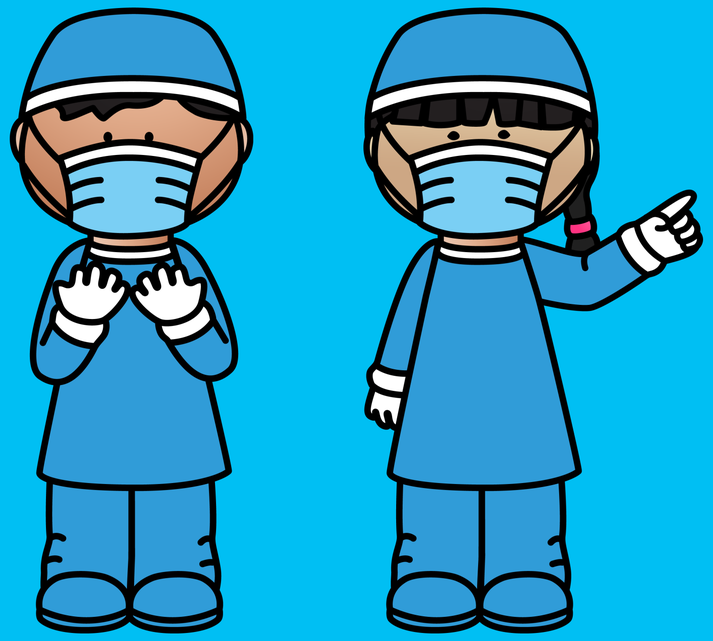
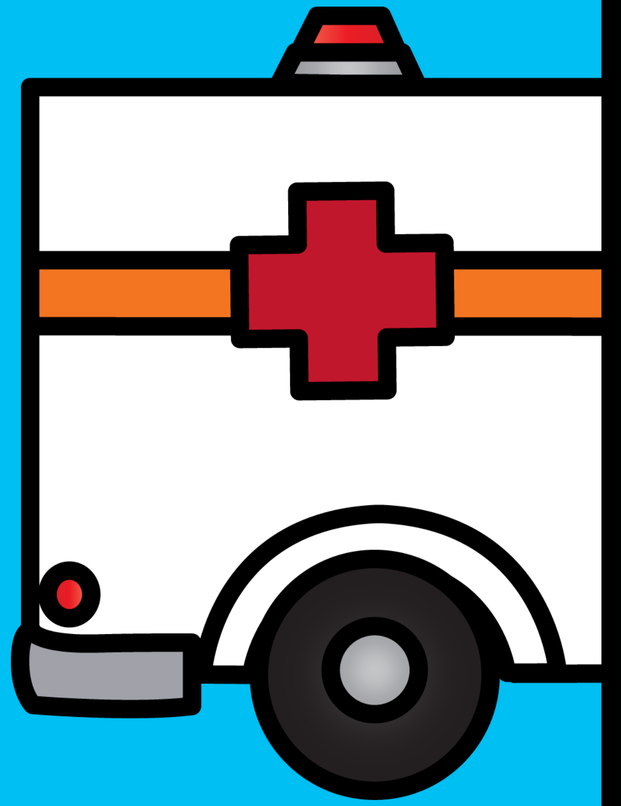
WE WEAR MASKS

A SOCIAL STORY

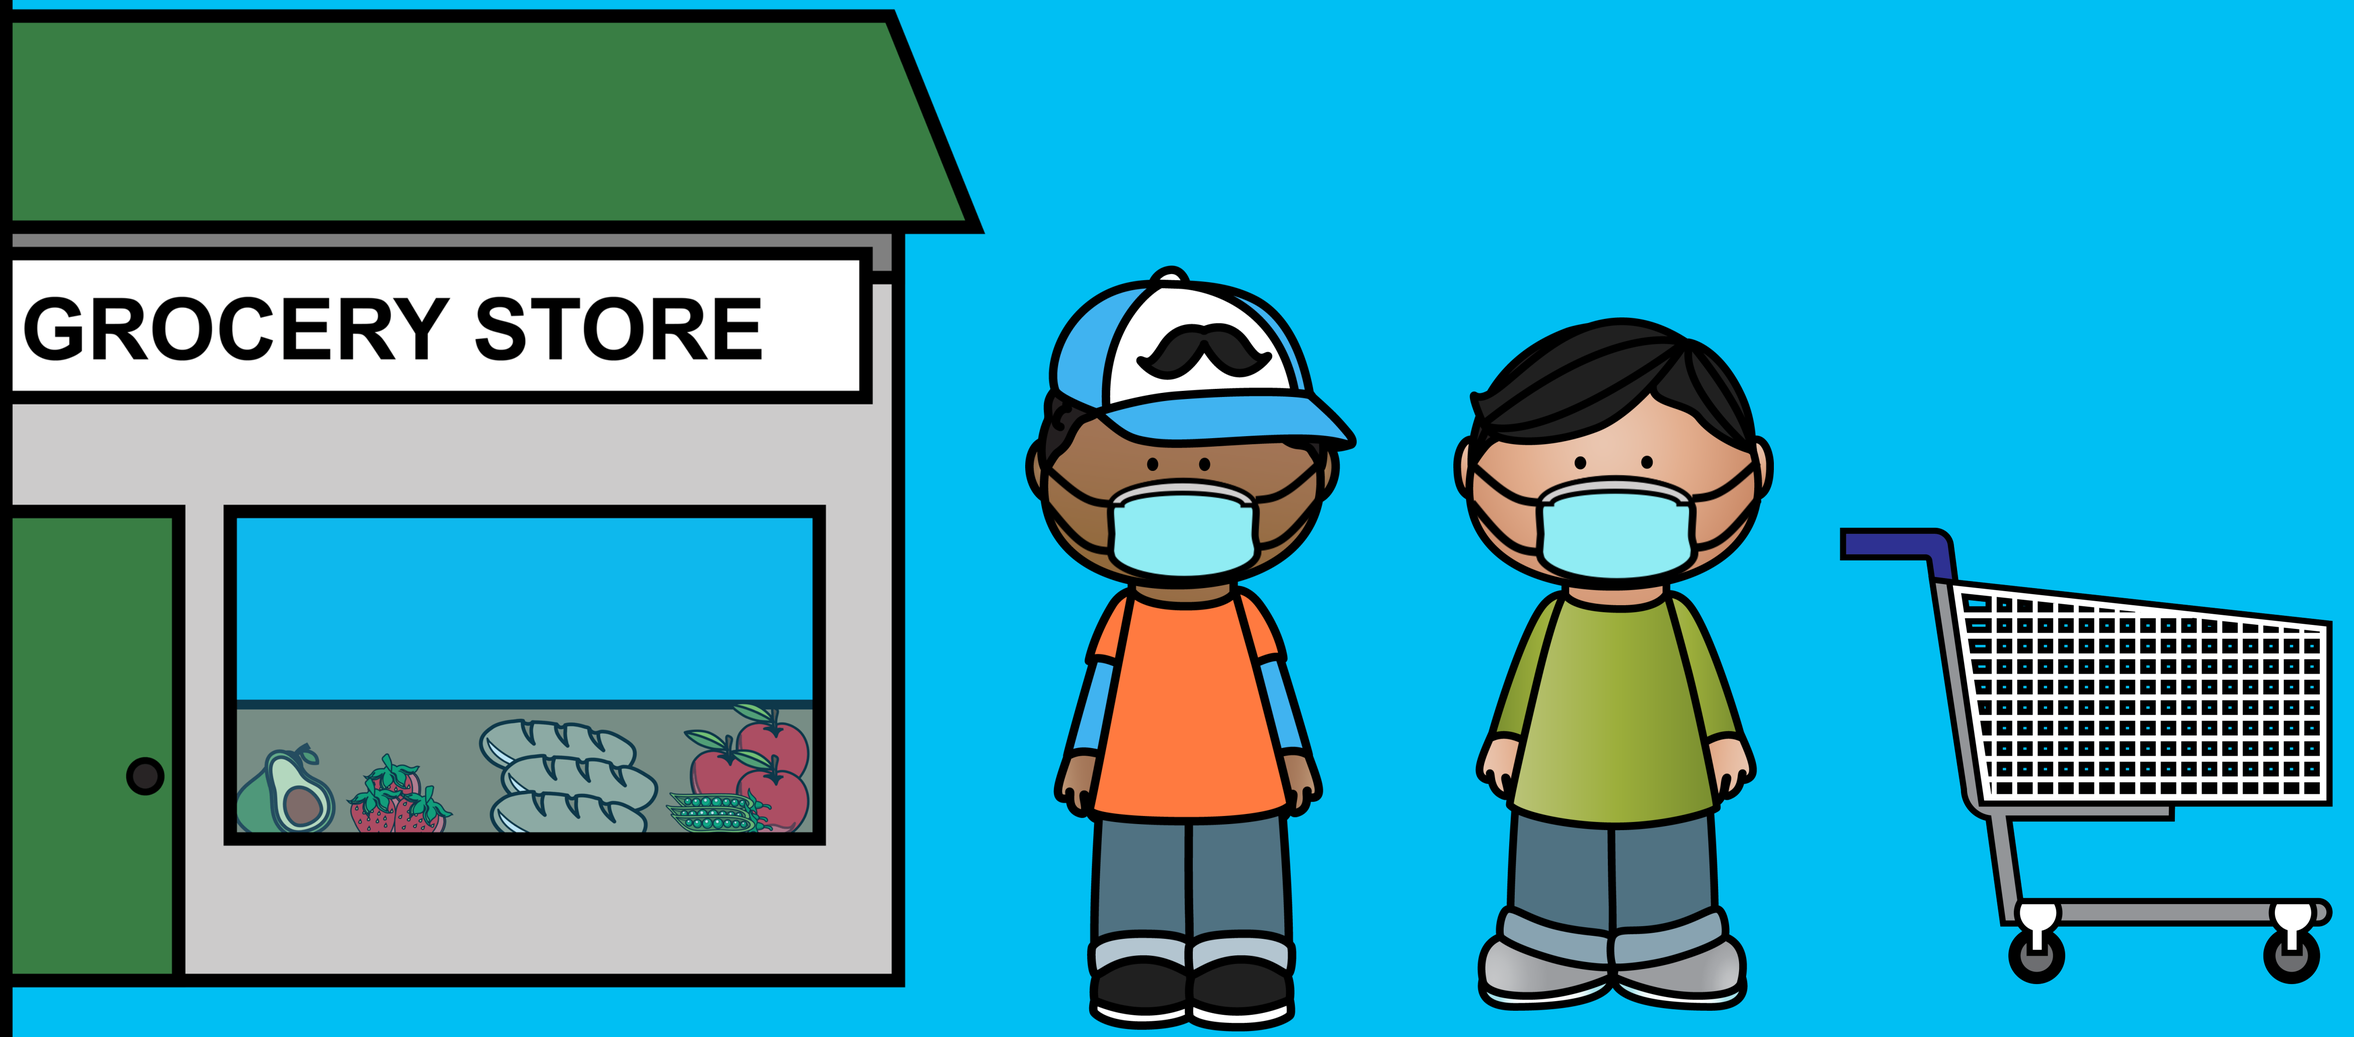
by Mike McGovern



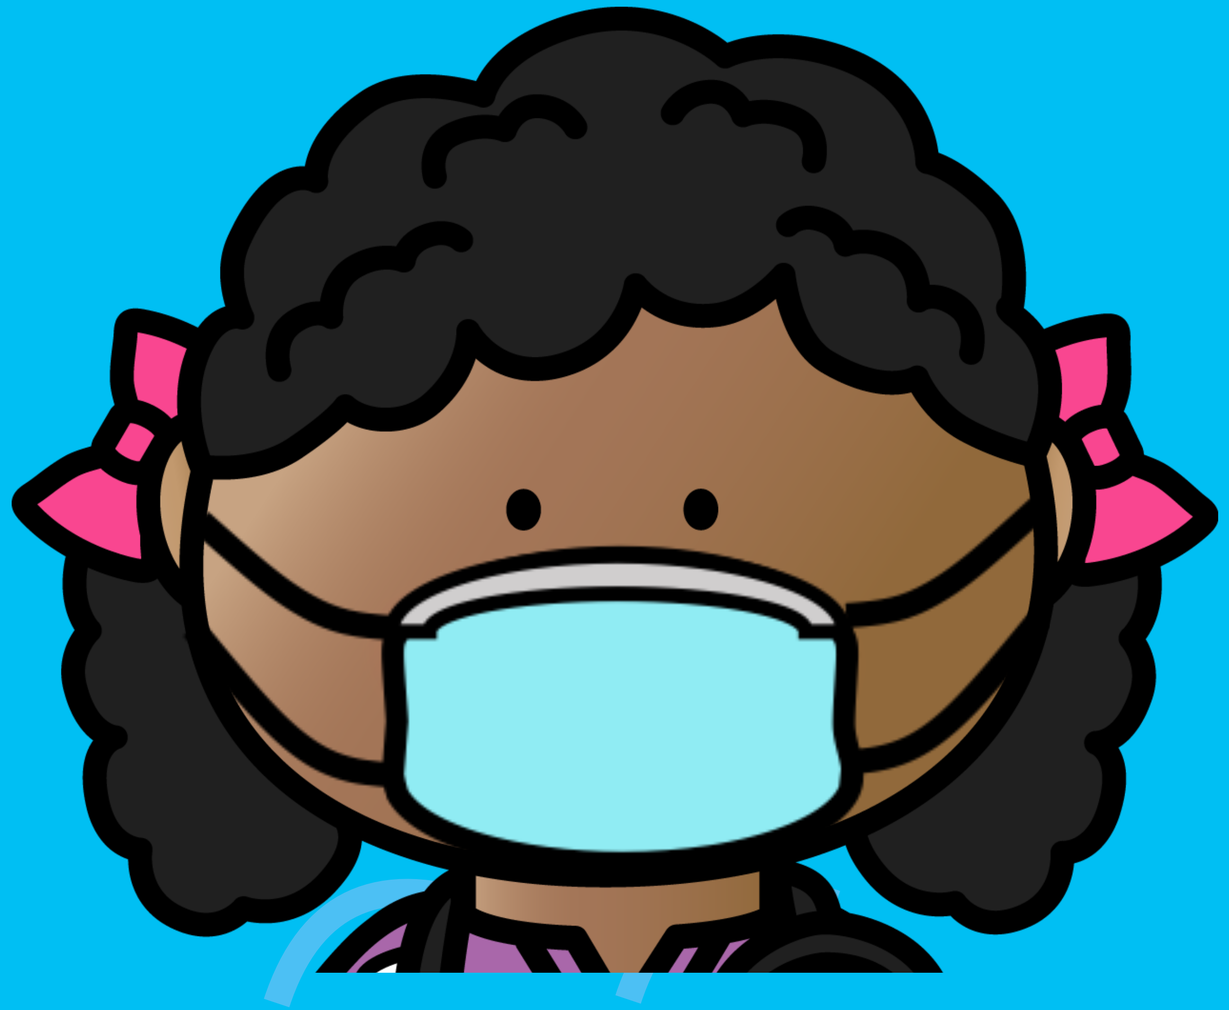




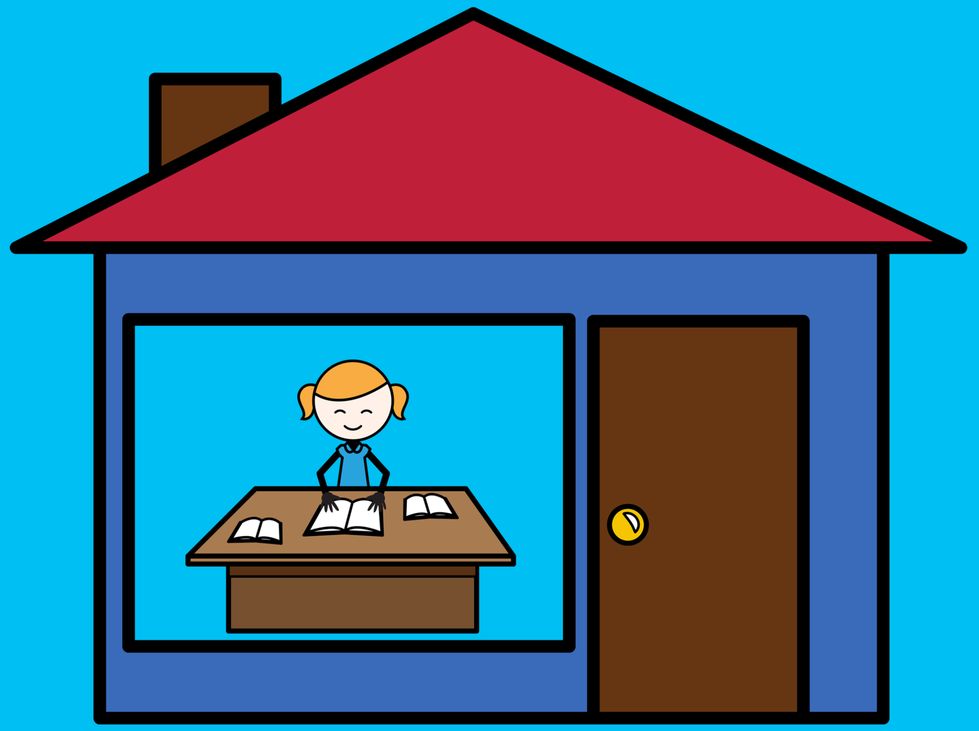
When I go to the doctor’s office or the hospital, I see people wearing masks.



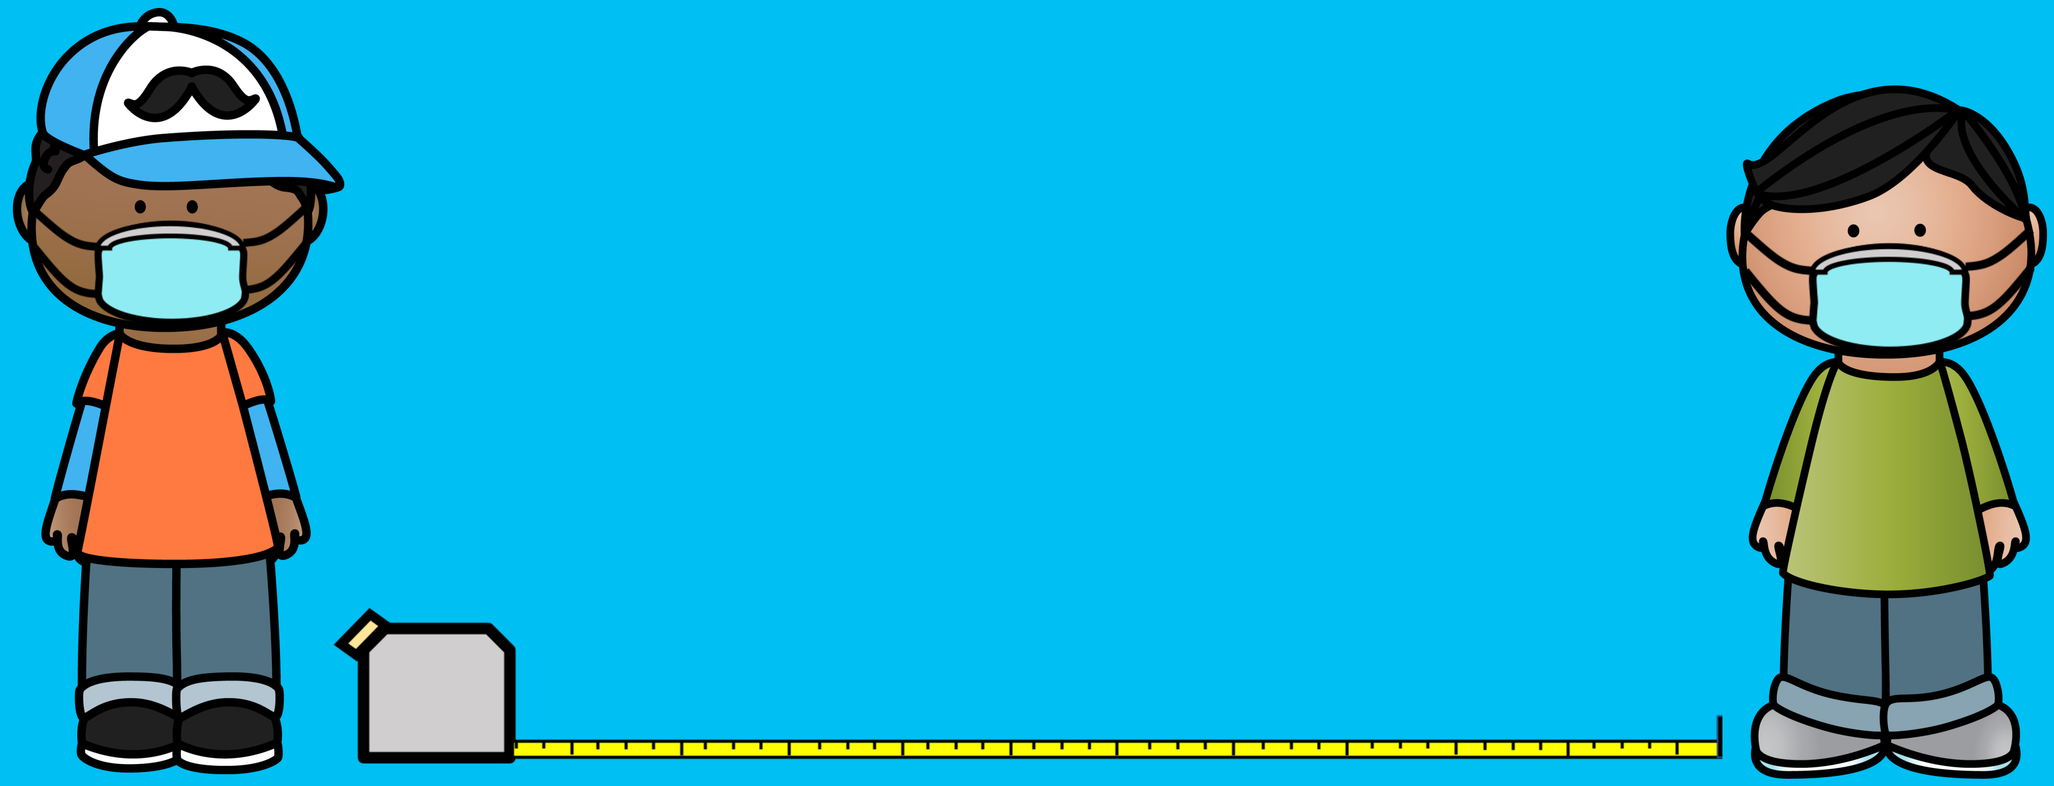
Now I see people wearing masks outside and in the store.



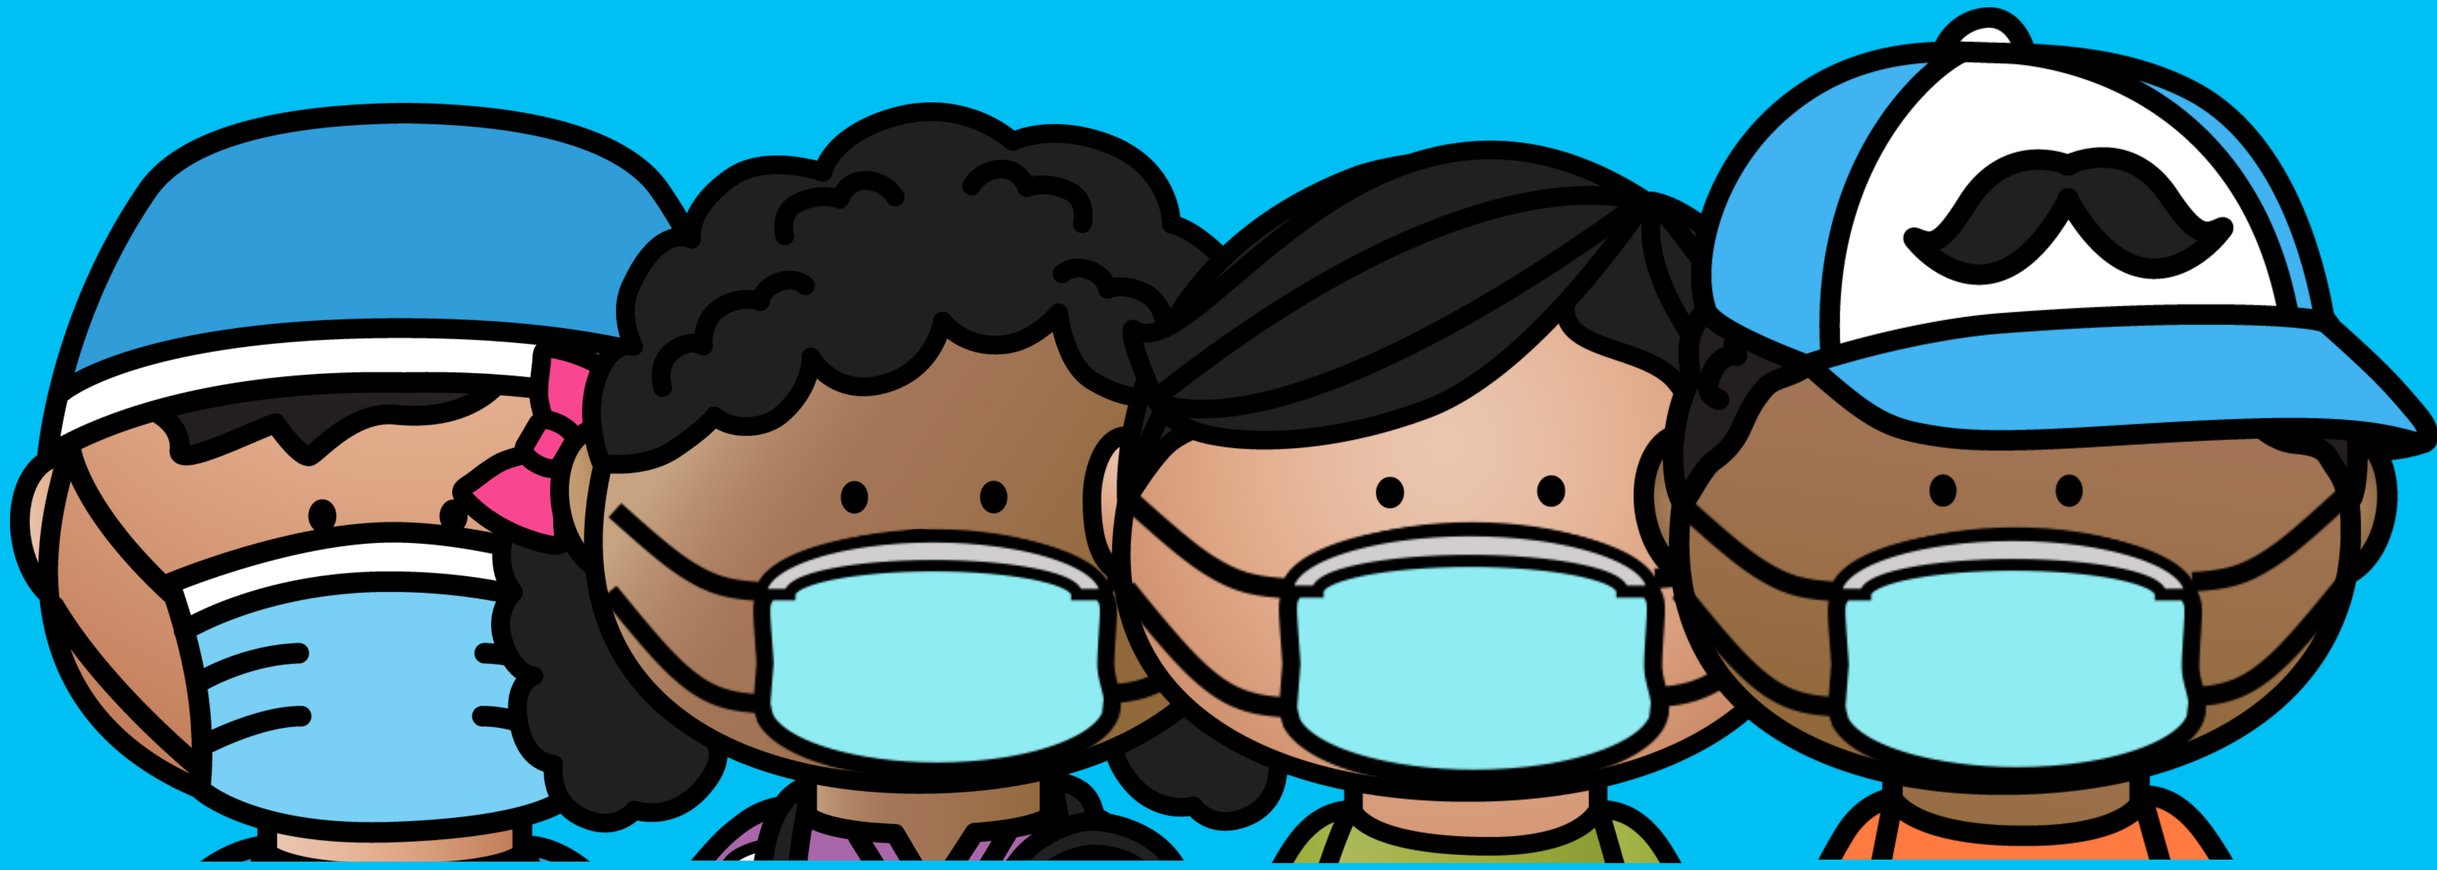
Everyone is wearing masks because people are getting sick from a virus called COVID-19.



The best way to stay safe is by staying inside my home.
That’s why I can’t go to school right now.



If I have to go outside, I need to wear a mask too! It's also very important to stay 6 feet away from other people.



The mask feels funny on my face, but it’s important for me to stay safe. We can all wear masks together!

THE END

STAY SAFE!
